Condolences to the Isle Of Lithua

Dear citizens of Lithua, dear Royal family of Lithua,

speaking on behalf of the Elevatia, we would like to express our deepest condolences in this letter. I know that no words can change the tragedy of His Majesty's King Graham I passing and no words can soothe the pain you probably feel right now. Only time can do that. But know that not only we but other micronations and people in general are here for you if needed.

As any micronation Lithua has undoubtedly faced many challenges in its life although we feel that this one is the most painful yet. However, we also know that you are strong, strong enough to go through these dark times. And that Lithua was left in good hands.

Rest in peace Your Majesty King Graham I.

Lord Daniel of Elevatia
